New Repository Continued

The screenshot shows a web browser window with the GitHub profile of Utkarsh Gaikwad (utkarshg1). The profile includes a circular profile picture, the name 'Utkarsh Gaikwad', the username 'utkarshg1', and the title 'Data Scientist Certified by IBM'. Below this, there are statistics: '34 followers · 13 following' and a list of affiliations: 'Ambika Mechatronics Pvt Ltd', 'India', 'channel/UCPkjbk5gh9fUBOrZ1Zq2A4A', 'in/utkarsh-gaikwad-61194bbb', and 'https://www.kaggle.com/utkarshgaikwad19'. The 'Repositories' tab is selected, showing a list of repositories. The 'New' button is highlighted with a red box, and a red arrow points to it from a text box on the right that says 'Click on New'. The repositories listed are 'PWSkills-Assignments', 'Deployment', 'AutomatedVSCode-Initialization', and 'PWSkills-Data-Science-'. Each repository entry includes the repository name, a 'Public' label, a brief description, the file type (e.g., Jupyter Notebook, Batchfile), star count, license, and update date. The browser's address bar shows 'github.com/utkarshg1?tab=repositories'. The Windows taskbar at the bottom shows the date and time as '12:21 PM 10-05-2023'.

New Repository Continued

The screenshot shows the GitHub 'Create a new repository' page. The browser tabs include 'Introducing ChatGPT', 'GitHub Teaching Outline', and 'New repository - GitHub'. The address bar shows 'github.com/new'. The page title is 'Create a new repository'. Below the title, it says 'A repository contains all project files, including the revision history. Already have a project repository elsewhere? [Import a repository.](#)'. The 'Owner' is 'utkarshg1'. The 'Repository name' is 'Test', with a note 'Test is available'. The 'Description' is 'First Repository creation'. The 'Public' option is selected. Under 'Initialize this repository with:', 'Add a README file' is checked. The '.gitignore' section shows '.gitignore template: Python'. The 'Choose a license' section shows 'License: Apache License 2.0'. A green 'Create repository' button is at the bottom right. The Windows taskbar at the bottom shows the date and time as 12:23 PM 10-05-2023.

Repository name *

Test

Test is available

Description (optional)

First Repository creation

Public

Anyone on the internet can see this repository. You choose who can commit.

Private

You choose who can see and commit to this repository.

Initialize this repository with:

☒ Add a README file

This is where you can write a long description for your project. [Learn more about READMEs.](#)

Add .gitignore

.gitignore template: Python

Choose which files not to track from a list of templates. [Learn more about ignoring files.](#)

Choose a license

License: Apache License 2.0

A license tells others what they can and can't do with your code. [Learn more about licenses.](#)

This will set `main` as the default branch. Change the default name in your [settings](#).

You are creating a public repository in your personal account.

Create repository

Tick this option

Select python

Write repo name

Select Apache licence

Adding Files in repository

The screenshot shows the GitHub repository page for 'utkarshg1/Test'. The repository is public and contains three files: .gitignore, LICENSE, and README.md, all from the initial commit. The 'Add file' button is highlighted with a red box, and a red line connects it to a callout box that says 'Click add file'. The 'Upload files' button is also highlighted with a red box, and a red line connects it to a callout box that says 'Click upload file'. The repository page includes a search bar, navigation links (Code, Issues, Pull requests, Actions, Projects, Wiki, Security, Insights, Settings), and a sidebar with repository statistics (0 stars, 1 watching, 0 forks). The README.md file is visible, showing the title 'Test' and the content 'First Repository creation'.

Adding Files

Deleting a file

The screenshot shows a web browser displaying a GitHub repository named 'utkarshg1 / Test'. The file 'Introduction Session 1.ipynb' is selected. A context menu is open, showing options like 'Raw file content', 'Download', 'Copy path', and 'Delete file'. The 'Delete file' option is highlighted. Two callout boxes with arrows point to the menu: 'Click this' points to the menu itself, and 'Click delete file' points to the 'Delete file' option.
